ABOUT US

Marathwada Mitra Mandal's, Pune. a Public Charitable Trust established way back in 1967, by Hon'ble Late Shri. Shankarraoji Chavan, Ex.Home Minister, Govt. of India. The trust was developed and progressed under the able guidance of Hon'ble Late Shri. Vilasraoji Deshmukh, Ex. Minister, Science and Technology & Earth Sciences, Govt. of India. The trust has a very good record of running the Technical, Professional and vocational courses at its educational complexes. The trust has many eminent personalities on their board /advisory panel which include Industrialists, academicians, socialists and philosophers.

Marathwada Mitra Mandal's, College of Pharmacy, established in 2006, is located in a beautiful campus at the banks of river Pawana in the heart of Pimpri Chinchwad city. The College is Progressive, student centered and aims to provide quality education by creating excellent teaching-learning facilities and is approved by All India Council for Technical Education, Pharmacy Council of India, New Delhi, Recognized by Govt. of Maharashtra, Directorate of Technical Education, Mumbai, (M.S.)

ABOUT THE SEMINAR

Startup & Innovations helps pharmaceutical companies with technology adoption to improve the efficiency, quality and costs incurred in clinical operations. A startup is a company that is in the first stage of its operations. These companies are often initially bankrolled by their entrepreneurial founders as they attempt to capitalize on developing a product or service for which they believe there is a demand. A tech-driven startup that offers customized solutions to pharmaceutical companies in terms of people, process and technologies, from offering trained resources, to providing technology platforms using advanced analytics and innovative processes for effective conduct of Innovations globally.

The focus is on three areas. First is the process which has develops comprehensive, documented, intuitive workflows that enable functional groups to communicate, track and manage all actions within the process. The idea is to give the sponsor (pharmaceutical companies) informed control, which delivers enhanced quality while driving a significant decrease in R&D cost. Next is technology to ensure problems are predicted and not identified. It has built a proprietary risk Assessment Platform and Targeted Operational Response System. Its predictive technique that allow clients to move from issue management (re-active) to risk management (pro-active) With a focus on processes, technology and people, Startup & Innovations offers customized solutions to customers based on their current infrastructure. It tailor-makes the solution depending on their needs. The purpose is to make the research of a pharmaceutical company more efficient by integrating its tech into their existing infrastructure for maximum output in a minimal time. India is emerging out to be global leader in Information Technology, Pharmaceutical Sciences and Biotechnology. The technological developments in the 20th century have transformed the on us of wealth creation from 'labor based' to 'knowledge based'.

Objectives of Seminar:

- ❖ To support entrepreneurs, building a robust startup ecosystem and transforming India into a country of job creators instead of job seekers.
- ❖ To reduce knowledge asymmetry in the startup ecosystem and better equip entrepreneurs for success by providing them with essential information and valuable resources
- ❖ To facilitate the creation of ideas and inventions in healthcare which are commercially ready that benefits society and also address some of the problems faced through development of product, process and services.
- ❖ To understand global market potential of Pharmaceutical Industry with possible Startup & Innovations.
- ❖ To Know various best practices, trends and outlook for entrepreneurship & Startup opportunities in Pharmaceuticals
- ❖ To avail the knowledge about basic requirements like Govt. schemes/subsidies, man power, financial, technological and strategic aspects to start-up small scale pharmaceutical industry

ABOUT US

MARATHWADA MITRA MANDAL, PUNE, a Public Charitable Trust established way back in 1967. The trust Started its activity with the objective of providing hostel or similar accommodation in Pune to the students. This trust is established through the inspiration of socially and educationally charged personalities, with a motto | संशे बहुतांचे हित। (Welfare of Masses) Mass education, Co-education & dedication towards overall development of the region are watchwords of the trust. During last five decades, Marathwada Mitra Mandal has established itself as reputed institute in India imparting excellent education in different areas. Trust has distinguished visionaries on its Executive Board from different walks of life spanning from Academicians to Industrialists & Socialists to Philosophers. Marathwada Mitra Mandal has now acquired a synonym for 'Quality Education' and offering unparalleled education in diverse fields like Architecture, Engineering, Interior Design, Law, Management, Pharmacy, Commerce, Science etc. to about 20000 students at its various educational campuses in Pune; i.e Deccan Gymkhana, Thergaon, Karvenagar and Lohgaon.

Marathwada Mitra Mandal's College of Pharmacy (MMCOP) came into being in the year 2006 with the vision to be a premier pharmacy institute achieving excellence in teaching, value education, research and consultancy in core areas and be engaged in the service in promoting continued education. The college is located in a beautiful campus at the banks of river *Pawana* in the heart of Pimpri- Chinchwad city. Initially the journey of the institute started for the conduct the of Four Year Degree Course in Pharmacy i.e. B. Pharm. in year 2006, later in 2010 just when the first batch of the B. Pharm. passed out the PG courses in Pharmacy i.e. M. Pharm. in Pharmaceutics and M. Pharm in Pharmacognosy were introduced and in 2011 one more PG course i.e. M. Pharm. in Pharmaceutical Quality Assurance was introduced. Later in 2013 college introduced the Ph.D. Programme in Pharmacy. Later on in the year 2018 institute introduced the Diploma in Pharmacy Course. Currently the institute offers D. Pharm. affiliated to MSBTE, Mumbai, B. Pharm., M. Pharm. and Ph.D. Programmes affiliated to Savitribai Phule Pune University, Pune. MMCOP fetched the Accreditation by National Board of Accreditation (NBA), New Delhi for its B. Pharm. course, Recognized Under Section 2 (f) & 12 (B) of the UGC Act, 1956 and has Permanently Affiliated to Savitribai Phule Pune University, Pune.

ABOUT THE SEMINAR

Intellectual property refers to creations of the mind: inventions; literary and artistic works; and symbols, names and images used in commerce. Intellectual property rights are like any other property right. They allow creators, or owners, of patents, trademarks or copyrighted works to benefit from their own work or investment in a creation. IPRs are generally having two principal areas of impact in pharmaceuticals. First, there is the issue of pricing and access, where discussion focuses on the links between IPRs (particularly patent rights), exclusion of competitors and the availability and pricing of new medicines. Second, there is the issue of R&D incentives that is to say, the role of IPRs in providing incentives to discover, develop and market new drugs – and the effect of IPRs on R&D expenditure and its allocation across diseases, countries and organizations. Obviously, these two issues are closely linked, and their interplay presents a series of very difficult economic issues and policy questions. The use of IPRs to reach an appropriate balance between "static" gains to consumers from low prices and competitive supply of drugs with "dynamic" gains from innovative new products presents serious challenges. India is emerging out to be global leader in Information Technology, Pharmaceutical Sciences and Biotechnology. The technological developments in the 20th century have transformed the onus of wealth creation from 'labor based' to 'knowledge based'. Accordingly, Intellectual Property has become a fuel that powers the engine of prosperity and further nurture the invention and innovation. This has promoted the worldwide awareness for Intellectual property rights (IPR). However, India is lagging behind in recognizing the importance of Intellectual Property Rights (IPR) and adopting IPR as a business strategy.

Objectives of Seminar:

- ❖ To upgrade inclusive knowledge about Patents, Copyrights, Trademarks, Designs, Geographical Indications.
- ❖ To provide a platform for candidates to gain practical knowledge about Intellectual Property Rights and its importance for innovation and growth of businesses and the economy as a whole
- ❖ To upgrade inclusive knowledge about IPRs and its role in the R&D sector towards evolution and development of Science and Technology
- ❖ To upgrade IP skills of Academic faculties and researchers
- ❖ To elaborates on the emerging trends in the legal, technical and business issues associated to the IP field

Resource Persons

Eminent experts from academia and research organisation will address the delegates.

Dr. Atul Kondaskar, Patent Associate, IPR Dept. BASF India Ltd. Navi Mumbai, Maharashtra

Mr. Ganesh Hingmire, Founder and Chairman GMGC, Pune

Mrs. Smita Kulkarni-Bhutkar, Registered Patent agent & Associate at R K Dewan & Co, Pune

Dr. Sanchita Tiwari, Director, Third-IP Services LLP, Pune

Mr. Abhijit K. Bhand, Founder & CEO, Kanadlab, Nashik

Mrs. Prerana Dongre, Patent Attorney, Pune.

Mr. Prabhakar Sharma, Third-IP Services LLP, Pune

Participants/ Eligibility

The course is mainly for teachers of AICTE Approved Degree/ Diploma in Pharmacy Institutions, M. Pharm & Ph.D. Research Scholars, Teachers from any other discipline, persons from industry and Govt. departments who are keen to update their knowledge in the area and want to learn current practices are invited.

Schedule

Designing Controlled Release Drug
Delivery System: Challenges,
Approaches and Opportunities

16th & 17th February 2018

ABOUT US

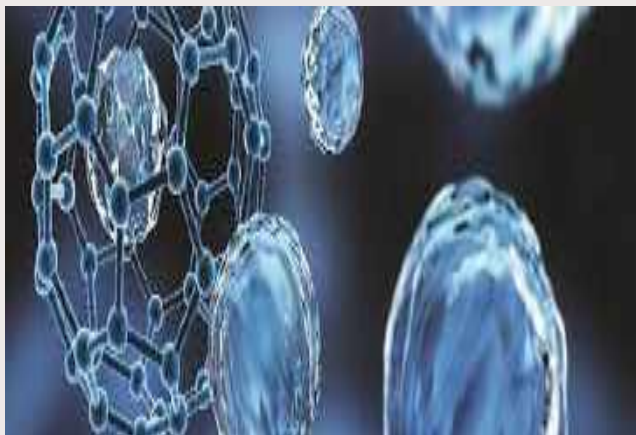

Marathwada Mitra Mandal, Pune is a Public Charitable Trust established way back in 1967, by Hon'ble Late Shri. Shankarraoji Chavan, Ex. Home Minister, Govt. of India. During last four decades, Marathwada Mitra Mandal has established itself as reputed Trust in India, imparting excellent education in different areas. Trust has distinguished visionaries on its Executive Board from different walks of life spanning from Academicians to Socialists & Industrialist to Philosophers. The Trust is flourished and further progressed under guidance of Hon. Late Shri.

Vilasraoji Deshmukh, Ex. Minister of Science and Technology and Earth Sciences, Govt. of India. Marathwada Mitra Mandal has now acquired as synonym for 'Quality Education' and offering unparalleled education in diverse fields to about 12000 students at its educational campuses at Deccan Gymkhana, Pune, Karve Nagar, Lohgaon and Thergaon , Pune.

Marathwada Mitra Mandal's College of Pharmacy, Thergaon, Pune-33 was established in the academic year 2006-07. At present the college is running B. Pharm, M. Pharm and Ph.D courses. The college is permanently affiliated to Savitribai Phule Pune University, Pune, Recognized as an approved post graduate research Centre and B. Pharm course is accredited by National Board of Accreditation (NBA), New Delhi. Recognized Under Section 2(f) & 12 (B) of the UGC Act-1956. The college is progressive, student centered and committed to high quality education and for creating excellent teaching learning facilities, thereby strengthening the same process year by year.

ABOUT SEMINAR

Design and development of controlled release drug delivery system such as oral controlled release, mucosal controlled release and topical controlled release for organ targeting and improving bioavailability at the site of action for efficient treatment of varying diseases. The objective of this seminar is to understand the fundamentals of designing advanced controlled drug delivery system and to learn various approaches used in formulation of patient friendly controlled release drug delivery system. For explore opportunities in the area of controlled release drug delivery research.

Registration Forms should be mailed to:

Marathwada Mitra Mandal, Pune a Public Charitable Trust established way back in 1967, by Hon'ble Late Shri. Shan-karraoji Chavan, Ex. Home Minister, Govt. of India. During last four decades, Marathwada Mitra Mandal has established itself as reputed institute in India, imparting excellent education in different areas. Trust has distinguished visionaries on its Executive Board from different walks of life spanning from Academicians to Socialists & Industrialist to Philosophers. The Trust is flourished and further progressed under principled guidance of Hon. Late Shri. Vilasraoji Deshmukh, Ex. Minister of Science and Technology and Earth Sciences, Govt. of India, Marathwada Mitra Mandal has now acquired as synonym for 'Quality Education' and offering unparalleled education in diverse fields to about 12000 students at its educational campuses at Deccan Gymkhana, Pune, Karvena-gar, Lohgaon and Thergaon, Pune.

Marathwada Mitra Mandal's college of Pharmacy, Thergaon (Kalewadi), Pune-33 was established in the academic year 2006-07. At present the college is running B. Pharm, M. Pharm and Ph.D courses. The college is permanently affiliated to Savitribai Phule Pune University, Pune, Recognized as an ap-proved post graduate research Centre and B. Pharm course is ac-credited by National Board of Accreditation (NBA), New Delhi. Recognized Under Section 2(f) & 12 (B) of the UGC Act-1956. The college is progressive, student centered and committed to high quality education and for creating excellent teaching learning facilities. thereby strengthening the same process year by year.

Like many contemporary fields of science, Pharmacognosy has un-dergone significant change in recent years and today represents a highly in-terdisciplinary science that is one of the major area of pharmaceutical sci-ence. The health-care costs are rising world-wide. There has been a great deal of interest in alternate remedies for some time now. Natural products remain the best sources of drugs and drug leads, and this remains true today. Natural products are represented by a wide array of consumer goods that grow in popularity each year. Natural product industries are experiencing world-wide growth in the pharmaceutical market, with natural products dom-inating the market.

The natural products in demand in various countries have to be re-researched and suitability & availability of Indian natural products for export production/Commerce should be assessed. India is becoming a major player in manufacture of natural products for marketing in the European, Canada and elsewhere. Remedying this could have a beneficial effect on the industry, which requires assistance for large scale technical up gradation. Fiscal bene-fits granted to the industry for such up gradation, could also act as incentives to the industry.

The objective of the seminar workshop will be to strengthen and up-grade the Pharmacognosy to produce competent Pharmacognosists workforce to meet the growing demand of the Industry (Pharma, Agro, Food, Pro-cessing, IT & BT and Natural Product Research etc.).

The eminent Academicians & Industrialist of Natural Products will guide the Academician, industry and researchers in the seminar regarding Commerce, Industry & Regulations and boost the importance of natural prod-ucts.

ABOUT US

Marathwada Mitra Mandal, Pune a Public Charitable Trust established way back in 1967, by Hon'ble Late Shri. Shankarraoji Chavan, Ex. Home Minister, Govt. of India. During last four decades, Marathwada Mitra Mandal has established itself as reputed institute in India, imparting excellent education in different areas. Trust has distinguished visionaries on its Executive Board from different walks of life spanning from Academicians to Socialists & Industrialist to Philosophers. The Trust is flourished and further progressed under principled guidance of Hon. Late Shri. Vilasraoji Deshmukh, Ex. Minister of Science and Technology and Earth Sciences, Govt. of India, Marathwada Mitra Mandal has now acquired as synonym for 'Quality Education' and offering unparalleled education in diverse fields to about 12000 students at its educational campuses at Deccan Gymkhana, Pune, Karvenagar, Lohgaon and Thergaon, Pune.

Marathwada Mitra Mandal's college of Pharmacy, Thergaon (Kalewadi), Pune-33 was established in the academic year 2006-07. At present the college is running B. Pharm, M. Pharm and Ph.D courses. The college is permanently affiliated to Savitribai Phule Pune University, Pune, Recognized as an approved post graduate research Centre and B. Pharm course is accredited by National Board of Accreditation (NBA), New Delhi. The college is progressive, student centered and committed to high quality education and for creating excellent teaching learning facilities. thereby strengthening the same process year by year.

SEMINAR THEME

Like many contemporary fields of science, Pharmacognosy has undergone significant change in recent years and today represents a highly interdisciplinary science that is one of the major area of pharmaceutical science. Pharmacognosy is not a subject of the past, but it has evolved and developed over the years to adapt itself with the changing environment, and is now fit to meet the challenges of the present and the future of drug discovery and development. Thus, the importance of Pharmacognosy in Pharmacy cannot be overemphasized. Pharmacognosy will remain to be a significant and an essential contributor to the knowledge and understanding of drugs and therapies, and thus should be an integral part of any meaningful academic Pharmacy programs world over.

Pharmacognosy has played a pivotal role in the discovery and development of new drugs and therapies, and has been continuing to do so even today. It also formed the basis of the development of the subject "Pharmacy." However, it is rather unfortunate that Pharmacognosy is somewhat neglected nowadays as a major subject area within the Pharmacy curricula, especially in the West. For the sake of new hypes of modern medicine, one should not forget the usefulness medicines based on natural sources. The objective of the seminar workshop will be to strengthen and upgrade the Pharmacognosy to produce competent Pharmacognosists workforce to meet the growing demand of the Industry (Pharma, Agro, Food, Processing, IT & BT and Natural Product Research etc.).
